

Stump speaking and joint discussions were in vogue here more generally than they have ever been since, but the fight grew so hot that these discussions had to be abandoned last night and in a first fight, General Lee, Mr. Massey, Mr. Ayers, Judge Staples, General Hinton, Senator Daniel and many others were in the thick of the fray for the Democratic ticket, while Mr. Wise, the late John Paul, the late H. H. Riddleberger, and others were in the thick of the fray for the Republican ticket, and the battle was a most exciting campaign the Democratic candidates were elected and the power of the Roadmaster party was broken.

FIRST IN THE FIELD.
Mr. Ayers is first in the field for the nomination next time. It will be made by primary election for the first time, and the indications are that there will be several candidates in the field. This will mean an old fashioned stump campaign, but one conducted on a high plane. The announcement of his candidacy by Mr. Ayers will have the effect of opening the campaign for the nomination, and other announcements may follow in a few days. It is not anticipated that the active campaign for the nomination will begin before 1909, but there will be much effective work done before that time.

Mr. Ayers was formerly a resident of Scott county, but some years ago removed to Wise county, and has since become actively identified with valuable coal and iron properties and in the development of the region in which he lives. While not a politician, he is a man of considerable means. He is a well equipped lawyer, a veteran of the war, and a man yet in the vigor of manhood.

NEGRO BAILEY HAS BEEN IDENTIFIED

(Special to The Times-Dispatch.)
PETERSBURG, Va., April 11.—Mrs. Coker, of Sussex county, the lady whom John Bailey, colored, is charged with attempting to assault, came to Petersburg today and identified the negro as her assailant. Bailey is in jail in this city for safe keeping.

There were many Northern visitors in Petersburg today. Among them were Mr. Tred. H. Waldron, of New Haven, Conn., who was accompanied by his son, and Mr. H. B. H. Waldron, of New Haven, Conn., who was accompanied by his son, and Mr. H. B. H. Waldron, of New Haven, Conn., who was accompanied by his son.

The Harrison Street Church trouble was brought before Judge Mullen this morning. Counsel for Ellis Watts and others had not had sufficient time to prepare for the argument, and asked for a continuance. This was granted, and the case will be heard next Friday. In the interim no business meeting of the church is to be held by the pastor, Rev. Ellis Watts, and the old deacons in charge.

CADETS VICTORIOUS

St. Johns College of Maryland Defeated in Lexington.

(Special to The Times-Dispatch.)
LEXINGTON, Va., April 11.—St. John's College, of Annapolis, Md., went down in defeat today, 5 to 6, before the Virginia Cadets. The game was a brilliant game. Carpentier struck out several men and made three out of eight hits credited to the cadets, one each time up. Good fielding and good batting told the story of the contest. The visitors put up good ball, and in the seventh inning, with three men on bases and no outs, the game seemed critical. The next three men fanned and their opportunity to score passed. Their first baseman, Williams, and short-stop, Duval, put up timely work.

THE FIRST GAME WON BY LEHIGH

An Exciting Contest That Ended in Favor of the Visitors.

Richmond College yesterday afternoon at Broad-Street Park entertained the Lehigh aggregation of ball tossers in a contest that was exciting. The final score was 8 to 4 in favor of Lehigh.

Claude Hooker, one of the best slabsmen in the City League last season and a boy with shoals of speed, pitched for the local college team. Other than being a trifle wild at times his work was of high class, and few were the bingles that Lehigh could sweat out.

Using his right wing for the purpose he speeded the sphere over the pan for nine innings, and few, if any, of the eight runs made by the Quakers were earned.

From the first to the fifth inning the score stood 2 to 1 in favor of the visitors. Then they added another, but when the sixth opened the Spiders went after the ball with a vengeance, batting in two runs and tying the score, only to have Lehigh pitch them in their half of the same inning. It looked bad for Richmond, but a timely hit in the seventh scored another run, and once again the knot was tied.

The score by innings:
R. H. E.
Lehigh.....3001140-8 6
Richmond.....0001000-4 5
The two teams will meet to-morrow afternoon at Broad-Street Park and even a more exciting game is expected. The crowd promises to be one of the largest of the season.

VIRGINIA LOSES

Defeated by Yale at Norfolk Yesterday by a Score of 9 to 2.

(Special to The Times-Dispatch.)
NORFOLK, Va., April 11.—Yale won the base-ball game here from Virginia by a score of nine to two. It was soon developed that the team of the University of Virginia was out-classed, because Yale was superior at the bat and in the field. The features of the game were the fast work of Yale in field, the pitching of Bowman, who was a full back on the foot-ball team, the pitching of Cracraft of the Virginia's and sensational running catch of Barnes, Yale's first baseman.

Yale's first setting for nine began in the first inning, when Council threw the ball so wildly that Stearns, at second, could not stop it, and two runners came in. From that on the game was a running battle, and the spectators lost interest because it was outclassed. Yale's two pitchers were puzzling to the Virginians, who were able to make but five hits.

On those they made two runs. On the tenth inning the batsmen were able to hit ten times so opportunely as to bring in nine runs, winning the game easily. Added to these good points for Yale was an error in the game. Council's catch of Barnes, who was out of the game, despite the wild throw on which the Yale team banked to count its runs. One thing not often seen on a ball field frequently were the barks of Council, which increased the number of several times during critical periods of the game. There was a large crowd despite the threatening weather. There were several showers during the day, and the weather predictions of rain and many persons at home, but 2,500 persons were present to root for their favorite team.

The score by innings:
R. H. E.
Yale.....120000123-9
Virginia.....000020000-2 9
Batteries: Yale—Wescott, Bowman and Winslow; Virginia—Cracraft and Council.

SHAMROCK III. SLOW; RELIANCE CHRISTENED

The Old Yacht Appears to Be the Better Boat.

CHALLENGER SEEMS SLOW

Appears to Be More Easily Handled Than Old Yacht, But Latter Won on Her Handicap Allowance in Yesterday's Trial.

(By Associated Press.)
WEYMOUTH, R. I., April 11.—The first contest to-day of the challenge for the America's cup under actual racing conditions was distinctly disappointing to those who expected so much at the results of the preliminary trials. The Shamrock III, the new craft only beating her 15 minutes over a course thirty-four miles long. On the first half of the course the challenger outdistanced the older boat handsomely, but in the faster wind on the second turn she little more than held her own. This was only partially expected by a fluke of wind, which favored the Shamrock I, and enabled her to gain considerable ground on the second half.

The Shamrock I was fouled by a steam yacht when half way through the second run to Little Cove. Her spinaker boom and the steam yacht's bowsprit were both carried away, but the Shamrock I, escaped other injury and continued the race. The accident was of little advantage for the Shamrock III, spinaker was immediately doused in order to make the conditions even.

A fine, clear, west-southwest breeze, of sufficient strength to cause the yachts under club topsails to heel over and make fast sailing, was blowing as the two Shamrocks maneuvered for position. During this jockeying the Shamrock III, proved both faster and handier, and Captain Wringe had easily the best of the start. The wind remained fresh and steady and the race made excellent sailing as they ran across on the first leg of the course. In twenty minutes' running the challenger gained two minutes.

Dropping their spinakers, the boats luffed and came on the wind for the beat to windward across the bay towards Portland. The breeze freshened a little and both yachts traveled at a fine pace, the challenger apparently reveling in the stronger wind. When they turned the mark off Portland, the Shamrock III, had a lead of over six minutes on less than twelve miles' sailing.

CHALLENGER DISAPPOINTS.
The challenger's showing on the race was distinctly disappointing. On the second run down the wind the old boat had somewhat of an advantage by bringing up a fresher breeze, and the Shamrock III, was only able to make a minute and a half between the marks.

In beating for the mark off Portland, Captain Wringe did not appear to drive his boat so keenly as he had done. He kept pinching her into every eye of the wind, while the Shamrock I, although dropping to leeward, gained distinctly. The hardening wind suddenly gave the challenger the only fluke of the day. She was far down to leeward, but under the favoring breeze wiped out considerable of the new boat's gain.

On the three-mile reach home, the challenger was satisfied for all she was worth and on the leg on which the Shamrock held her own during the first round the Shamrock III on this occasion gained half a minute.

The finishing times were: Shamrock III, 1:48:33; Shamrock I, 1:55:09.

THE MANN LAW IN THE COUNTY

What with the Mann law and the high license measure, upwards of twenty saloons in Henric county, where licenses will be granted within a very few days, are expected to go to the wall.

The County Court has fixed the 20th of the present month to-morrow week—as the day for hearing applications for licenses to sell whiskey. There are about thirty saloons in Henric county, and a full number of notices have been bulletined upon the boards in front of the Courthouse. Very recently, however, the revenue bill, carrying with it the Mann and the high license features, has passed both houses of the Legislature, and there is now a strong feeling that it will not get to the Governor and be signed by the 20th.

About twelve saloons in Henric will come under the Mann law, and there is not the shadow of a doubt that they will go out. It is expected, moreover, that at least eight or ten more will be unable to come up to the high license point, and that at least twenty will be crowded to the wall. This will leave about thirty saloons in the county all over the suburbs.

PICTURE EXHIBIT

Views of the Grand Trunk Railway System Here April 14th and 15th.

A handsome picture exhibit of the Grand Trunk Railway system will be given at No. 101 East Main Street April 14th and 15th. In the collection are beautiful views taken along the lines, seaside resorts and charming places in New Hampshire and the White Mountains of Maine. There are many other attractive features. The collection has been awarded a number of medals for excellence. A representative of the system will be in charge of the exhibit.

CONDITIONS UNSETTLED

Weather Man Thinks It Will Be Clear or Cloudy To-day.

Chances are about even for good weather to-day. It was impossible last night for the weather man to make any very definite or decided prediction. Atmospheric conditions are such that either rain or clear weather may ensue.

A desire to do good by his fellow-man, however, inspires this weather man to express the belief that there may possibly be a shade better prospect for a smiling day than for the other.

REAL AMERICAN VESSEL

A Decided Departure from All Other Cup Defenders—The Yacht's Official Trial Will Be Given Her in About Ten Days.

(By Associated Press.)
BRISTOL, R. I., April 11.—With an American flag at her bow the cup defender Reliance was launched at the Harreshoff works just before sundown today. Five hundred persons stood beside the glistening underbody of the yacht, which at 5:45 o'clock this afternoon Miss Nora Iselin, daughter of C. Oliver Iselin, the managing owner of the boat, broke with the sturdy blow of a silver hammer the traditional bottle of champagne, saying at the same time: "I christen thee Reliance, and may God bless thee."

Three thousand persons in steam yachts, rowboats, on the two piers and on the street behind the shops greeted the initial plunge of the Reliance with lusty cheers, while a bugler on a torpedo-boat played the Star Spangled Banner. It took just ten minutes for the yacht to launch. Among the yachts anchored off the works were the Constitution, unsuccessful candidate for cup honors two years ago and this destined to be one of the keenest rivals against the Reliance. The Constitution was gallily bedecked with flags, and as the Reliance was launched a few minutes alongside her older sister, some comparison of the lines of the two boats could be made.

It was then seen that the bow of the Reliance turned out of the water more sharply; that her stern is lower and flatter, and that she has a trifle less freeboard. The new boat, however, was soon hauled back into the dock, where she will be rigged. It is expected that she will have her trial spin in about ten days, after which she will have a thorough trying out, meeting both the Constitution and the Reliance in a series of 85 races in Long Island Sound, off Sandy Hook, and at Newport. Should she prove superior to her two rivals, she will meet Shamrock III in the first cup races on August 2d.

The Reliance is a decided departure on the part of Harreshoff from his other cup defenders and is an excellent example of the American type of flat-bottomed, fin-keeled boats. She is not such an extreme skimming dish as was the Independence. The boat, however, with her easy lines and her tremendous sail spread of over 15,000 square feet, will be easily driven, and it seemed to be the unanimous opinion of those yachtsmen who saw her today that she would prove the fastest sailing vessel ever built.

DAY OF SPORT AT BENNING

Two Favorites and Four Choices Win.

(By Associated Press.)
WASHINGTON, April 11.—This was one of the most interesting days of the Benning spring meeting, and an immense throng was at the track. Two favorites and four choices won.

The track was fairly good, but by no means fast. The interest centered in the jumping races—a hurdle race at a mile and three-quarters and the Southern Stoopchase at two miles. In the first Gibson Light, the favorite, with Mara and a heavily played choice won.

The horse was seriously hurt. Ben Baitle took the race, with Alma Girt a close second. In the steeplechase Joe Lottor, with Dion Keer in the saddle, was made the favorite. In a driving finish, Charles O'Malley beat out Joe Lottor, but he was disqualified for pulling the latter in the stretch. Lottor was awarded first money.

NEW YORK STUDENTS

A Party Here Taking in the Many Interesting Sights.

A party of a dozen students from New York city and State, traveling under the direction of one of their teachers, is at the Jefferson, having come up the river yesterday afternoon on the Pocahontas. The youths have been in Virginia several days. The Pocahontas picked them up at Old Point yesterday morning, and they will spend in Richmond, and will worship this morning at old St. John's Church. It will be a great pleasure and pride in after years to tell their friends that on the last jump, but neither of them have staid of 100 they went to the historic old St. John's, of Patrick Henry fame. To-morrow morning they will take the Chesapeake and Ohio train for Williamsburg. After visiting the college and other places of interest there they will go to Yorktown, thence to Old Point and back North by the "Nip and Don."

Mr. Irvin Weisger, the courteous president of the Virginia Navigation Company, saw personally to the comfort and pleasure of the party while on his boat.

WILL BE CALLED TO FULTON CHURCH

Distinguished Young Minister Formerly of Richmond Will Be Asked to Come.

The Rev. J. Emerson Hicks, a distinguished young minister now at the Chicago University, will be called to the Fulton Baptist Church, of this city, today, and he will accept the call.

Since the resignation of the Rev. W. S. Leake who goes into the State mission work, the church has, through the Pulpit Committee, been quietly working toward securing his successor.

No hint was given of the likely man, and even up to this time members refuse to talk. The name mentioned above, however, is believed to be correct. The committee, it is understood, is conducting its purpose of reporting today, and it is expected that the call will follow immediately.

How to Get Well Without Risking a Penny.

This is how more than half a million sick ones got well!

They wrote me and told me which book they wanted. I sent each an order on my druggist for six bottles of Dr. Shoop's Restorative. Each took it a month at my risk. If it succeeded, the cost was \$6.50. If it failed, I paid the druggist myself. And the sick ones' mere word decided it.

I have done that with nearly 550,000 sick ones—all chronic cases—most of them difficult—some of them desperate. Yet 90 out of each 40 have paid for the medicine gladly, because they were cured.

I make the same offer to you. If you will simply write me, and try for a month to get well, I will take all the risk; I will pay if I fail.

You cannot be just to yourself and neglect an offer like that.

My Restorative succeeds because it strengthens the inside nerves. It brings back the only power that operates all vital organs. It gives the weak organ power to do its duty, and that is all that is needed. The result is like giving a weak engine more steam.

Some of you have doctored in other ways until you are discouraged. But common treatments merely doctor the organs, and the results at best are but temporary. That which is needed—that which must be done—is to give the weak organ more power to act. My Restorative always does that. It prevents little troubles from becoming deep-seated; and in chronic diseases it does what no other remedy can do.

CUT OUT THIS COUPON.

For we all resolve to send for something, but forget. Mark the book desired and mail this with your name and address to Dr. Shoop, Box 288, Racine, Wis.
